

On behalf of the **Hungary Green Building Council**,

eco | MIND consulting group | TÜV Rheinland | Siemens
are proud to offer an international training course for business professionals in the Building Design and Construction Industry.

Please join us on **Tuesday 23 September 2014 | 14:00 – 17:30**

For the **FIRST** time in Budapest, this half-day workshop will present specific features of the **DGNB System** and insight into the process of certification for buildings.

**THIS WILL BE A CARBON NEUTRAL EVENT, provided by TÜV Rheinland.*

UNDERSTANDING THE DGNB CERTIFICATION SYSTEM

THE DGNB SUSTAINABILITY CONCEPT | A NEW QUALITY OF BUILDING | A NEW ERA IN BUILDING PARTNERSHIPS

You have heard of LEED... You have heard of BREEAM... What is the DGNB certification system?

The DGNB Certification System is a transparent and user-friendly tool for the planning, assessment, and certification of sustainable buildings and urban districts. It offers a comprehensive quality concept and is based on a holistic view of our built environment. This course will provide an introduction to the scope of the DGNB certification system. [CLICK HERE for a more detailed description of this course.](#)

The course will be led by Michael Dax, Managing Director DGNB GmbH. Mr. Dax studied Architecture in Europe and the US, and is the Director of the DGNB International System and responsible for the system adaptation and international training.

[Click HERE for a more information about the speakers.](#)

The location will be at the Siemens Conference Center

Address: Gizella Ut 51 - 57, 1143 Budapest, Hungary [Map Here](#)

Don't miss the opportunity!

Seating is limited to 40 attendees. [PLEASE RSVP to eco | MIND](#) if you wish to attend.
